### Your Dues Dollar

Are you acquainted with the various functions of your Alumni Association? Of course you read the Morningsider, but do you know what else your Executive Committee and Executive Secretary is responsible for?

Once each month the Executive Committee has dinner at Dimmitt Hall and outlines the various activities of the future. These projects are made possible through the annual dues paid by you.

Let's take a look into the past and review some of the activities of the Alumni Association.

Each commencement we honor any of the retiring faculty with a suitable gift. It is also our responsibility to secure the speaker for the Alumni banquet in the spring and the Homecoming church service in the fall. Those of you who have witnessed the initiation of the seniors into the "Tribe of the Sioux", know that we have considerable authentic Indian costumes. The seniors are also guests of the association at the alumni banquet.

During the 1954 Sixtieth Anniversary year several special events were undertaken by your committee. Especially notable was the Reunion Choir Concert for Professor MacCollin. We also assisted with the financing of the recording of "Mr. Mac's" 1954 College Choir Concert. You will be interested to know that your association also had a part in making Miss Murray's trip to Europe possible. At the Sixtieth Anniversary Homecoming, former queens were entertained through the courtesy of the Alumni Association.

For the past two football seasons many of you have attended the coffee and doughnut hour at the Men's Dorm following the games. These refreshments have been made possible with alumni funds. A few years ago this same organization participated in the Saunderson Memorial fund. Just a small part, but we helped.

This past summer some badly needed file cabinets were placed in the alumni office, and yes, you helped pay for them.

The very popular Band Day held in the fall was conceived by the Alumni Executive Committee, and now we assist Bob Lowry in an advisory capacity.

So you see we do need every graduate and former student to be a registered member of the Alumni Association. If you haven't submitted your dollar dues, this is an invitation to participate in a bigger and better Morningside Alumni Association.

## This Is What You Asked For

Living Endowment conducted a survey this fall to discover what you thought of the plan and what your ideas were for improving our campaigns. The response was excellent and we want to thank those who answered. It was very clearly indicated to us that we needed to tell you more about Living Endowment and how it works.

First of all . . . Living Endowment has no desire to offend anyone. It is a simple plan worked out by a group of alumni, to enable you as an alumni to endow the college no matter what your income. Some of our alumni are in income brackets which would forbid a gift of \$200.00 but permit one of \$10.00. Some are in a bracket that would make a gift of \$10,000 impossible but permit one of \$500.00.

This is how the plan works. If your income permits your sending no more than \$5.00, that is the equivalent of \$100.00 endowment at 5%. If you send \$10.00 that is the equivalent of \$200.00 endowment at 5% interest. If you send \$500.00 that is the equivalent of \$10,000 endowment at 5%.

Giving this year does NOT obligate your giving next year. The amount given by you in any year is up to you. We want a large number of donors.

There is no pledging.

Permit this table to help you.

A gift of	Is equivalent to an endowment of
\$500.00	\$10,000.00
250.00	5,000.00
100.00	2,000.00
50.00	1,000.00
25.00	500.00
10.00	200.00
5.00	100.00
2.00	40.00

We know you are aware that any college owes its existence to outright gifts and endowment and living endowment serves as a means of our helping supply the money needed for an adequate budget.

Your participation will be appreciated.

Maroon Chapel in Main Hall is the scene every school day morning at 7:45 of a brief period of devotion attended by a number of students. This "Morning Watch" is a spontaneous development which interested students initiated and have maintained.

Deputation teams from the college have been active in church visitations this year. Teams have gone out to churches in the following communities: Slayton, Lake Wilson, Luverne and Magnolia in Minnesota; Hornick, Spencer, Deloit, Arthur, Hawarden and Spirit Lake in Iowa; Elk Point, Richland and Burbank in South Dakota. ### Soil Conservation Award

The Morningside College farm near Ute, Iowa has received a 1954 Sioux City Chamber of Commerce and Sioux City Journal-Tribune award for soil conservation. The award was given because the greatest progress had been shown in the practice of soil conservation on the college farm in the entire Soldier-Maple Valley district. Mr. Harold Knapp is the tenant of this farm which is located one mile east of Ute on Highway 141.

Elwood H. Olsen, college business manager, stated that Morningside College through its soil conservation practices is attempting to set an example which will interest other farmers in preserving our greatest natural resource, our farm land. "The college", Elwood said, "should take and is taking the lead in showing the bene-

fits and dividends that can be derived from soil conservation. It is because of these efforts that the Morningside farm was chosen for this high honor."
